## *Security for You and Your Vehicle.*

### *Express Code Marking System*

We use ultra-violet footprint identification.  
Virtually undetectable to would-be thieves!  
Rapid identification by law enforcement.

If the label has been removed, the unseen code number still remains, and can only be detected by ultra-violet light.

- Deters theft and increases recovery by permanently marking the vehicle's body parts.
- Uniquely designed labels are difficult to remove and will withstand the elements, such as sun, heat, cold and moisture.
- If removed, will leave an indelible identification number on the vehicle body part invisible to the naked eye.
- Window warning label deters would-be thieves that the vehicle is marked and registered.
